Diaries, Binders, Calendars, Journals (52 to date) & Electronics

...gathered and tracked commencing 1961, age 14, to present date having changed residences 24 times before the age of 40!

My years of tending life on this side and who's 'Canon of Binders List' on my 60th Birthday 2007 opened the 'ABMPontón Archival Special Collection' McNeese State University (MSU), Frazer Memorial Library, Archives and Special Collections so that all might win and know a little way of a life lived in His will and way and in His Light!

These Binders will be gathered up and delivered to the MSU Archives post-my-passing (!) except for *Certain Binders* which are *Coded* and with which my husband and son can eventually decide! This is my final gift to them (if I go first!) for they will have not one piece of paper to think on; just to read in their time and enjoy with *their* beautiful and compassionate hearts...to know fully my love for them, and all God's children, to the best in me *By His grace* all the way to the end on this side!!!

...Always in process; surely there are no Binders in heaven!

These letters were gathered while ordering all 'paper' on Arthur Avenue. Cousin Renee organized, sleeved and bindered these treasures during an 18-hour round trip to Holy Angels Convent in Jonesboro, AR for an 'Oblate Spiritual Weekend in 2011!' In that she was in the passenger seat I thought she could work in that we brought office supplies...for the Sisters! She, of course, could look out of the window at the wonderful countryside and enjoy a drive-through or two complete with all the ice cream cones she wanted!! She worked non-stop and finished these Binders just a little north of Lake Charles on the return trip! God bless her and all the good she does for others all the while having such fun! Notation: *She* now wants to drive, and *I* had to gather more office supplies for the Sisters!!
